

EDI Specialists, Inc. - Services Overview

Staffing:

- Our permanent placement and contract staffing services span the entire IT spectrum.
- We specialize in the placement of e-Commerce, B2B/EDI, and Application Integration professionals.
- We can assist you with permanent or contract resources - and on short notice.
- We possess the largest, active database of EC/EDI resources in the world.

Consulting & Contracting - Strategic to Tactical Levels:

- B2B/EDI Strategy Development and Execution
- Assessments & Technology Evaluations
- Project Management and Implementation
- Technical & Project Contracting
- Application Integration, Data Transformation and Mapping
- ERP Integrations and Interfaces
- Dedicated Practices in Microsoft Technologies, BizTalk, Sterling Integrator/GIS and GXS Platform
- HIPAA and Healthcare Experienced EDI Resources
- QA Professionals
- Ad Hoc Support – as your needs dictate

You will not find a more qualified, responsive or flexible firm in the industry.

We are platform agnostic and work with all commercial software and B2B platforms.

IT Staffing:

Don't let our name fool you!

In response to customer needs – and as a natural extension of our business – we provide services to clients looking for both direct hires and staff augmentation resources in the Information Technology area through our Key IT Division.

Areas of Expertise

- Electronic Data Interchange (EDI)
- HIPAA/Healthcare
- Enterprise Application Integration (EAI)
- Sterling Integrator / GIS Consulting
- BizTalk Consulting
- GXS Consulting
- Microsoft Technologies

Founded in 1994, EDI Specialists is the premier staffing and services provider in our industry. We work across all industries, with companies of any size, and with all commercial software packages as well as proprietary systems.

We are the resource firm that other vendors call for help!
